Feng — Sofa Range

The elegant and minimal lines of FENG reflect the simple and light style typical of the 70s design. Its manually operated swing backrests allow you to adjust the seat depth, so as to customize the level of comfort in moments of relaxation.

The backrests of the model are equipped with a manual mechanism that allows you to easily move them to the rear position, obtaining a greater seat depth and offering the possibility of extending the legs for superior comfort.

Our Sales Assistants are fully trained on this range so feel free to ask them any questions in-store or online.
